North Dakota Association of Rural Electric Cooperatives **VISION, MISSION AND VALUES STATEMENT**

*Statewide's vision is an **indispensible network of member cooperatives** that enriches the lives of their consumers and the communities in which they live.*

OUR MISSION

- Advance the value of the member cooperative network in North Dakota.
- Create a positive legislative, regulatory and business climate in which our member systems can successfully and safely deliver services.
- Support the people who deliver the power of human connections to their consumers and the communities in which they live.
- Cultivate a shared vision among our member systems, committed to building the future of North Dakota.
- Add new wealth to the economy by creating, retaining and expanding rural cooperatives and other primary sector business enterprises.

OUR VALUES

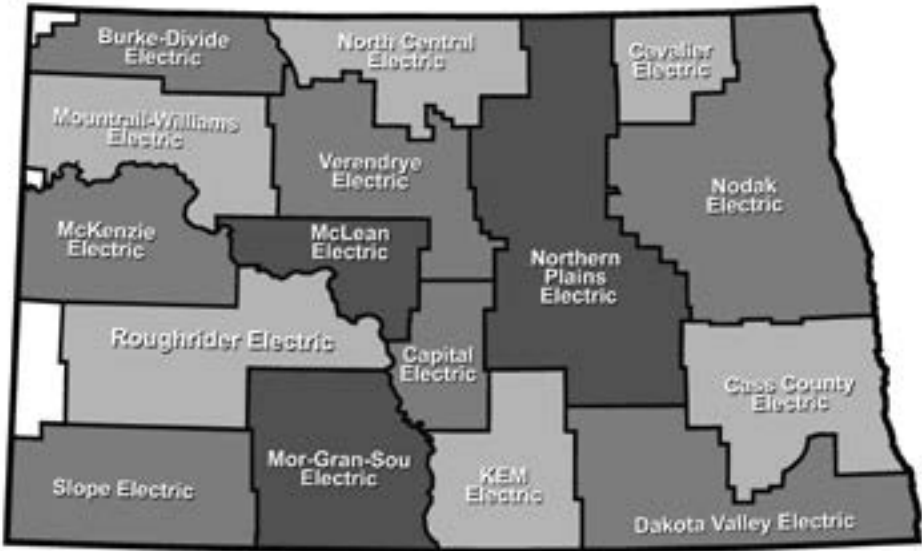

CHARACTER: The integrity of our association is built on our word and our actions — we do what we say.

EXCELLENCE: We do the right things, and we do those things right.

COOPERATION: We practice effective communication that builds unity, understanding and teamwork — all of which lead to shared success.

INNOVATION: We are a learning organization, constantly understanding, designing and delivering products and services that meet the changing needs of our members.

**RURAL ELECTRIC
DISTRIBUTION
COOPERATIVES**

7 Series

The most efficient heating and cooling system you can sell.

Variable Capacity Technology

The first variable capacity geothermal heat pump available to homeowners. It runs at exactly the capacity needed instead of the one or two speeds of traditional equipment.

Aurora Controls

Aurora communicating controls provide advanced diagnostics and service capabilities. Troubleshooting as well as many startup calculations that were once manual are done automatically on the AID Tool making maintenance a fraction the effort.

Energy Monitoring

Internal energy monitoring components measure actual power consumption rather than estimating. Homeowners can easily review an instantaneous or 13 month history of their unit's energy usage.

700A11
41 EER
5.3 COP

Variable capacity geothermal technology. Available today.

To see what else makes the 7 Series so different visit waterfurnace.com/TheNews

Hello **Progress**

The greatest accomplishments start with the smallest detail.

Bismarck 701.557.9701

hdrinc.com

Our Commitment to Electric Co-ops Starts at the Top

Guided by a board of your peers with the solitary goal of meeting the needs of the electric cooperative network, CFC understands the challenges you face because our leaders are all in the same business as you. That makes CFC different from all the other financial institutions.

CFC District 6 Board Members Thomas L. Hayes, Board Vice President, Brown County Rural Electrical Association, Minnesota, and Bradley J. Schardin, General Manager, Southeastern Electric Cooperative, South Dakota.

CFC: Created and Owned by America's Electric Cooperative Network

Connect with us:

www.nrucfc.coop   

CFC is an equal opportunity provider and employer.

**FOCUSED
ON SAFETY.
FOCUSED
ON YOU.**

Zero injuries. Zero incidents. Zero excuses. That's the Wright way.

Division Manager Travis Platt
Minnesota Division Office • 612.360.6248
Wright Tree Service **Always the Wright choice.**
1.800.882.1216 www.wrighttree.com
 Since 1933. Employee Owned.

1-877-858-3449 • www.ulteig.com

Ulteig has helped North Dakota's electric utility industry connect power generation to end users since 1944. Our transmission, distribution, and substation groups function independently or interface with each other to deliver total system solutions.

Ulteig delivers comprehensive engineering, planning, and surveying solutions to clients across the region and nation.

The logo consists of the word "Ulteig" in a white, bold, sans-serif font, set against a solid black rectangular background.

**GENERATION AND
TRANSMISSION
COOPERATIVES**

A PROVEN PROVIDER of innovative electrical solutions.

AN INDUSTRY LEADER leading a changing industry.

A SUPPLY CHAIN PARTNER who'll be there for you.

- Supporting Rural Utility Systems since 1935
- Full-line Supplier of Utility Products
- Most Extensive Offering of Utility Technical Support Services
- Superior Emergency Support Staff

- Tool Supply and Repair
- Rubber Insulating Equipment
- Certified Dielectric Testing Services
- On-site Testing
- Arc Flash and FR Clothing Systems
- Custom Grounds and Jumpers

RECEIVE

SAFETY AND HEALTH TRAINING

from the **North Dakota Safety Council!**

Choose from OSHA Compliance training, Supervisory & Leadership Development, First Aid/CPR/AED, Driver Safety Courses, and more!

Find a complete list of courses at www.ndsc.org
 or call to arrange a private course for your business - **800-932-8890.**

Sure we specialize.

In fact, we go to extreme heights to get the job done.

Overhead power line contractor specializing in:

- Line rebuilds and conversion
- Storm damage repair and rebuild
- Pole change outs
- Terminating
- Maintenance
- Substation:
 - new construction
 - rebuild maintenance
- Transmission

16124 Old Lake Road, Paynesville, MN 56362

DIS-TRAN
PACKAGED SUBSTATIONS

With DIS-TRAN's value-packed substation offerings, you'll electrify your results.

DIS-TRAN offers a full range of service packages, from simple build-n-buy procurement to comprehensive packages that include complete design, supply and technical support services necessary to get your project online.

Your project done your way, right the first time, every time.

- Custom Substation Projects
- Pre-Engineered Solutions
- Factory-Built Substations
- Field Installation Support
- Project Management
- Material Logistics & Marshaling
- Professional Engineering
- 3D Modeling & Design

DIS-TRAN PFB™

pre-fabricated, factory-built bus conductor assemblies delivered to your site, ready for installation

eXpress POWER STATIONS™

shift traditional substation construction from the field to the factory.

Treated Wood Products That Perform

Hundreds of co-ops have put their trust in our expertise.

Quality is what you demand.

High quality, long-lasting treated wood products are the backbone of your electric system and essential to your ability to provide your members with reliable electric service.

Quality is our middle name.

For over three decades, Wood Quality Control, Inc. has been the cooperative industry's most trusted name for pole and crossarm quality assurance.

Quality is what we're all about.

Supported by the industry's most experienced staff of professional inspectors and an approved list of nearly 50 pole and crossarm producers, you can be confident that your next load of WQC poles or crossarms will be of the highest quality.

For more information on how you can take advantage of the industry's most innovative pole & crossarm inspection program, please visit us at:

www.woodqualitycontrol.com

Wood Quality Control, Inc.

Make Remote Locations Less Remote

Finally, there's a radio that is specifically designed for remote distribution automation applications. The **SEL-3060 Ethernet Radio** is a rugged, low-cost solution for dependable wireless communications in harsh environments. With data transfer speeds up to 1 Mbps and power consumption less than 4 watts, the radio is optimized for distribution control, engineering access, SCADA, and data acquisition.

To learn more, visit www.selinc.com/3060-re63 or contact your local SEL sales representative:

Pro-Tech Power Sales

Revolutionary Lighting Solutions

Durable...Versatile...Powerful...**GUARANTEED**

Golight Inc. Trusted by Linemen

When the power goes out we know we can rely on our nation's linemen to strap on their boots and march into the elements to get our electrical service back online. More often than not, that means battling wind, rain, snow and ice and doing so in the dark. In those conditions, light that can be dynamically directed where it is needed, when it is needed is an essential tool for safety and productivity. In both emergency situations and day to day operations Golight has proven to be a vital tool in extending work hours and increasing productivity. Golight has been a partner to the men and women who keep our lights on for almost 20 years and we are committed to seeing that relationship grow and develop.

95% Customer Satisfaction Rating

Integrity isn't a claim, it's a promise made. At Finley, it's built on a 60-year foundation of engineering problem solving. For you, it's a confidence in knowing that you're connected to experienced advisors who listen first, and then invest themselves into every aspect of your project and your success. Our 95 percent satisfaction rating is proof of how we work. When the simple idea of doing things right is at the core of who you are, integrity is built into everything.

Specialty Sling Company

1422 Industrial Drive, Unit F, Bismarck, ND 58501

Phone: (701) 667-4104 • Fax (701) 663-0170

Website: www.specialtyslings.com • email: SpecialtySling@msn.com

Nylon slings: (1-ply to 4-ply)
(1" to 12" wide) Eye-to-eye, endless,
1 to 4 leg bridles, triangle-choker, etc.

Polyester round slings: Eye-to-eye,
endless, 1 to 4 leg bridles.

Adjustable rope slings: 1 to 4 leg styles,
3/16" to 3 1/4" diameter, many different
types of rope available.

Wire rope (cable) slings: Eye-to-eye, end-
less, 1 to 4 leg bridles, etc. 1/4" to 3"
diameter available.

Multi-purpose blanket slings: 700 lbs. to
1,400 lbs. work load limit available. This style
sling is great for lifting dirt, rocks and other
odd-shaped objects. We use a 22-oz. black
vinyl material for the base; then we cross
two nylon slings from corner to corner to
do the lifting. Stronger vinyl base is
available upon request.

Nylon tow straps: 2" to 12" wide,
1-ply to 4-ply, eye-to-eye only.

Ratchet tie downs: 1" to 4" widths,
s-hooks, wire hooks, flat hooks,
d-rings/triangles, endless, etc.

Webbing protection products:
Rubber protectors, plastic corner
protectors, sliding cordura sleeves,
neoprene coating, etc.

Other products available:

**Screw pin shackles • Chain slings • Cylinder slings
• Barrel handling slings • Polyester round sling tow straps, etc.**

For All Your Electric Utility and Metering Needs

Supplying products to the utility industry is a critical job and Dakota Supply Group understands the challenges you face. Our customers have been relying on us for more than a century, which means we've earned the trust of municipal utilities, rural electric cooperatives and investor-owned utilities throughout the Midwest.

THE OKOGUARD ADVANTAGE

Introduced by Okonite, with nearly 50 years of service history - Okoguard EPR cables have become the standard of unequaled excellence in power cables.

Only Okoguard cables have the distinction in the industry to provide an all EPR insulation system, ensuring unmatched cable reliability for your underground infrastructure.

Okoguard's design, service history and uncompromising standards offer confidence in the lifetime performance of your underground cable.

Okonite - With over 137 years of specialized service to the electrical utility industry, is still the leader in innovation and technology.

OKOGUARD ADVANTAGES:

- ✓ SUPERIOR PERFORMANCE
- ✓ OUTSTANDING RELIABILITY
- ✓ MORE FLEXIBILITY
- ✓ ALL EPR INSULATION SYSTEM
- ✓ NO TREEING
- ✓ TRIPLE TANDEM EXTRUSION

About CoBank

CoBank is a national cooperative bank serving vital industries across rural America. The bank provides loans, leases, export financing and other financial services to agribusinesses and rural power, water and communications providers in all 50 states.

CoBank is a member of the Farm Credit System, a nationwide network of banks and retail lending associations chartered to support the borrowing needs of U.S. agriculture and the nation's rural economy. In addition to serving its direct retail borrowers, the bank also provides wholesale loans and other financial services to affiliated Farm Credit associations serving more than 75,000 farmers, ranchers and other rural borrowers in 23 states around the country.

Headquartered outside Denver, Colorado, CoBank serves customers from regional banking centers across the U.S. and also maintains an international representative office in Singapore. For more information about CoBank visit www.cobank.com.

Miscellaneous

CoBank holds nine regional customer meetings each year in locations across the country. Information about these meetings can be found at www.cobank.com/meetings.

MISCELLANEOUS

Total Members Served: 44 distribution co-ops, 6 G&Ts

Board Meeting Date: Third Tuesday, bi-monthly

The **Smart Choice** in Utility & Energy Consulting

- Power Supply Planning
- Financial and Rate Analysis
- Generation Services
- Regulatory and Restructuring
- Transmission Services
- NERC/SERC Compliance
- Energy Efficiency and DSM
- Carbon Compliance
- Electric Planning and Design
- Utility Privatization
- Territorial Integrity
- Utility System Valuation
- Renewable Energy Resources
- Environmental Services and Permitting Assistance
- Natural Gas Consulting
- Retail Energy Procurement
- Water/WW Utility Consulting
- Statistics and Market Research

GDS and its division, **Hi-Line Engineering**, offer a broad range of consulting and engineering expertise to clients associated with, or affected by, **electric, gas, water** and **wastewater** utilities.

SMART GRID TAGS®

Many Sizes and Styles Available

Smart Grid Tags® from Premax create the physical link between your computer database and the asset in the field. By using randomly numbered Smart Grid pole tags, each pole gets its own unique Pole ID, allowing utility personnel to mark poles without having to worry about marking in sequential order. Without duplicate numbers or the need for consecutive order, it doesn't matter if a tag is lost or damaged. The tag can simply be replaced and there's no need to improvise a marking solution.

Premax embossed aluminum Smart Grid Tags® are lightweight, environmentally friendly and highly resistant to the weather. They will outlast the outdoors.
