# North Dakota Association of Rural Electric Cooperatives

## **VISION, MISSION AND VALUES STATEMENT**

***NDAREC's vision is an indispensable network of member cooperatives that enriches the lives of their consumers and the communities in which they live.***

### **OUR MISSION**

- Advance the value of the member cooperative network in North Dakota.
- Create a positive legislative, regulatory and business climate in which our member systems can successfully and safely deliver services.
- Support the people who deliver the power of human connections to their consumers and the communities in which they live.
- Cultivate a shared vision among our member systems, committed to building the future of North Dakota.
- Add new wealth to the economy by creating, retaining and expanding rural cooperatives and other primary sector business enterprises.

### **OUR VALUES**

#### **CHARACTER:**

The integrity of our association is built on our word and our actions – we do what we say.

#### **EXCELLENCE:**

We do the right things, and we do those things right.

#### **COOPERATION:**

We practice effective communication that builds unity, understanding and teamwork – all of which lead to shared success.

#### **INNOVATION:**

We are a learning organization, constantly understanding, designing and delivering products and services that meet the changing needs of our members.

MOBILE UNITS: 41

**Jordan  
Transformer, LLC**

1000 Syndicate Street • Jordan, MN 55352 • 800-328-5894 • 952-492-2720 • Fax 952-492-2796

Jordan Transformer specializes in remanufacturing, rewinding and repairing Substation, Mobile, GSU, Auxiliary, Station Power, Start-Up, and Furnace transformers up to 200 MVA and 230 kV. We also manufacture entirely NEW Mobile Substations. Testing is conducted per ANSI/IEEE Standards including Impulse, Partial Discharge and Temperature Rise Tests. We offer full Field Service including turnkey projects, oil processing, new installations, gasket repair, LTC repair and more. We purchase used electrically good and failed transformers to be either remanufactured or reconditioned and subsequently resold.

## **MISCELLANEOUS**

Counties Served: Morton, Grant and Sioux

Total Members Served: 6,203

Miles of Line: 3,714.6

Total Meters Served: 8,594

Miles of Buried Cable: 841.8

Board Meeting Date: Last Wednesday of each month

Annual Meeting Date: July 15, 2022

Date First Energized: May 1, 1947

Power Supplier: Basin Electric Power Cooperative and Western Area Power Administration

# Evolved.

Perfectly designed to thrive  
in its environment.

Adaptable enough to evolve  
with the times.

Smart solutions, connected communities.  
It's second nature at KLJ.

[KLJENG.COM](http://KLJENG.COM)

ENGINEERING, REIMAGINED

## The Future-Ready Foundation for Your Energy Business

Landis+Gyr's Gridstream Connect is the only utility IoT and smart community platform designed to solve today's industry challenges while setting a strong foundation for future growth. Gridstream Connect brings together hardware, software, and applications to provide a single, flexible multi-purpose network, scalable for future technology integration. Our platform allows you to connect any device, from any vendor, with support for multiple communications technologies available now and in the future.

### Electric Cooperatives: Who We Are

At-cost  
electric service

Locally  
governed

Return excess  
revenue

Community  
builders

Electric cooperatives are community-focused organizations  
that work to efficiently deliver affordable and reliable  
electricity to consumer-members of the co-op.  
They operate for the benefit of people, not investors.

"Safety is a VALUE.  
If someone classifies it  
as a priority, I believe they  
may be in the wrong line  
of work."

Joshua Pressley,  
Account Manager

## OUR STORY IS SAFETY

More than 50 years ago, we published This We Believe, a safety declaration that focused on the well-being of our people, families, and communities. It established safety as a value in our culture, not a mere priority or slogan, and defined safety as a moral obligation that is everyone's responsibility.

*This we still believe.*

**Learn about Davey's commitment to safety

### Electric Cooperative Electricity Basics

**Electricity is first generated by a power source and delivered over high-voltage transmission lines, often by generation and transmission cooperatives. Then voltage is reduced for delivery by distribution cooperatives to homes, businesses and farms.**

**EPS represents the following electrical manufacturers in Minnesota, North Dakota, South Dakota & Western Wisconsin:**

**INCAB:** OPGW & ADSS fiber optic cables

**SOUTHWIRE CO.-UTILITY:** Aluminum & Copper Utility Conductors

**MYERS POWER PRODUCTS:** Medium Voltage Circuit Breakers

**TE CONNECTIVITY:** Rubber Goods, Wildlife Protection

**S&C ELECTRIC COMPANY:** Electric Power Switching and Protection

**MEYER UTILITY STRUCTURES:** Steel Poles

**SCHNEIDER ELECTRIC:** Metering, Relays and RTU's

**WEG TRANSFORMERS:** Substation/Distribution Transformers

# YOUR MEMBERS DESERVE THE BEST.

NRECA's Wood Quality Control (WQC) Program ensures members receive high-quality treated wood utility products that will provide decades of reliable service, enabling co-ops to stretch construction and maintenance budgets.

## A history of success:

The only RUS-approved quality assurance program available!

- **35+** years serving the utility industry.
- **15,000,000+** WQC crossarms produced since 1986.
- **18,000,000+** WQC poles produced since 1982.
- **99%** documented product conformance rate at destination.

**“** ...I simply don't purchase wood products that aren't WQC approved.”  
– Rodney L. Chapman, General Manager, Ashley-Chicot Electric Cooperative, Inc.

**NRECA**  
America's Electric Cooperatives

# **Our focus is meeting your needs throughout North America.**

Stella-Jones Corp. has been supplying poles for close to a century. We're happy to say our customers are relying on us more than ever. Treated wood continues to be the most reliable product for the job.

To make this happen, the Stella-Jones Corp. is committed to the kind of growth and innovation that we are known for. With state-of-the-art advancements in wildfire resistant pole wrapping materials, our product offering continues to grow to meet your needs.

# UNDERSTANDING THE SEVEN COOPERATIVE PRINCIPLES

Cooperatives around the world operate according to the same set of core principles and values, adopted by the International Co-operative Alliance.

These principles are a key reason why America's electric cooperatives operate differently from other electric utilities, putting the needs of our members first.

## VOLUNTARY AND OPEN MEMBERSHIP

Membership in a cooperative is open to all people who can reasonably use its services and stand willing to accept the responsibilities of membership, regardless of race, religion, gender or economic circumstances.

2

## DEMOCRATIC MEMBER CONTROL

Cooperatives are democratic organizations controlled by their members, who actively participate in setting policies and making decisions. Representatives (directors/trustees) are elected among members and are accountable to them. In primary cooperatives, members have equal voting rights (one member, one vote); cooperatives at other levels are organized in a democratic manner.

3

## MEMBERS' ECONOMIC PARTICIPATION

Members contribute equitably to, and democratically control, the capital of their cooperative. At least part of that capital remains the common property of the cooperative. Members allocate surpluses for any or all of the following purposes: developing the cooperative; setting up reserves; benefiting members in proportion to their transactions with the cooperative; and supporting other activities approved by the membership.

4

## AUTONOMY AND INDEPENDENCE

Cooperatives are autonomous, self-help organizations controlled by their members. If they enter into agreements with other organizations, including governments, or raise capital from external sources, they do so on terms that ensure democratic control as well as their unique identity.

5

## EDUCATION, TRAINING AND INFORMATION

Education and training for members, elected representatives (directors/trustees), CEOs and employees help them effectively contribute to the development of their cooperatives. Communications about the nature and benefits of cooperatives, particularly with the general public and opinion leaders, help boost cooperative understanding.

6

## COOPERATION AMONG COOPERATIVES

By working together through local, national, regional and international structures, cooperatives improve services, bolster local economies and deal more effectively with social and community needs.

7

## CONCERN FOR COMMUNITY

Cooperatives work for the sustainable development of their communities through policies supported by the membership.

THESE ARE  
THE WORDS  
WE LIVE BY.

# THE OKOGUARD ADVANTAGE

Introduced by Okonite, with over 50 years of service history -  
Okoguard EPR cables have become the standard of  
unequaled excellence in power cables.

Only Okoguard cables have the distinction in the industry to provide an all EPR insulation system, ensuring unmatched cable reliability for your underground infrastructure.

Okoguard's design, service history and uncompromising standards offer confidence in the lifetime performance of your underground cable.

Okonite - With over 139 years of specialized service to the electrical utility industry, is still the leader in innovation and technology.

## OKOGUARD ADVANTAGES:

- ✓ SUPERIOR PERFORMANCE
- ✓ OUTSTANDING RELIABILITY
- ✓ MORE FLEXIBILITY
- ✓ ALL EPR INSULATION SYSTEM
- ✓ NO TREING
- ✓ TRIPLE TANDEM EXTRUSION

Date of First Dial Cut-Over; November 1956

# **NORTH DAKOTA U.S. CONGRESSIONAL DELEGATION, ELECTED OFFICIALS, STATE LEGISLATORS**

# DONE RIGHT. DONE FAST.

E-LAM® engineered laminated wood utility structures are the ON TIME solution for your next project. Made from an abundant, renewable, domestic timber resource, they are not subject to shortages or surcharges.

Backed by over 25 years of engineering expertise, E-LAM® is the perfect choice for unguyed angle, dead end, and switch structures.

*Co-op proven, Co-op preferred.*

## E-LAM®

# YOUR SOURCE

## for power and information

North Dakota's electric cooperatives are your source for power and information. Whether it's the power you depend on every day for your home or business or the information you need to make decisions about how to power your lives, North Dakota's electric cooperatives are here to support you.

Each month, we deliver *North Dakota Living* to more than 90,000 homes and businesses with stories that matter to North Dakotans. Visit [www.ndliving.com](http://www.ndliving.com).

**About CoBank**

CoBank is a national cooperative bank serving vital industries across rural America. The bank provides loans, leases, export financing and other financial services to agribusinesses and rural power, water and communications providers in all 50 states.

CoBank is a member of the Farm Credit System, a nationwide network of banks and retail lending associations chartered to support the borrowing needs of U.S. agriculture and the nation's rural economy. In addition to serving its direct retail borrowers, the bank also provides wholesale loans and other financial services to affiliated Farm Credit associations serving more than 75,000 farmers, ranchers and other rural borrowers in 23 states around the country.

Headquartered outside Denver, Colorado, CoBank serves customers from regional banking centers across the U.S. and also maintains an international representative office in Singapore. For more information about CoBank visit [www.cobank.com](http://www.cobank.com).
