

Board President Mike Partin

# NRECA Update

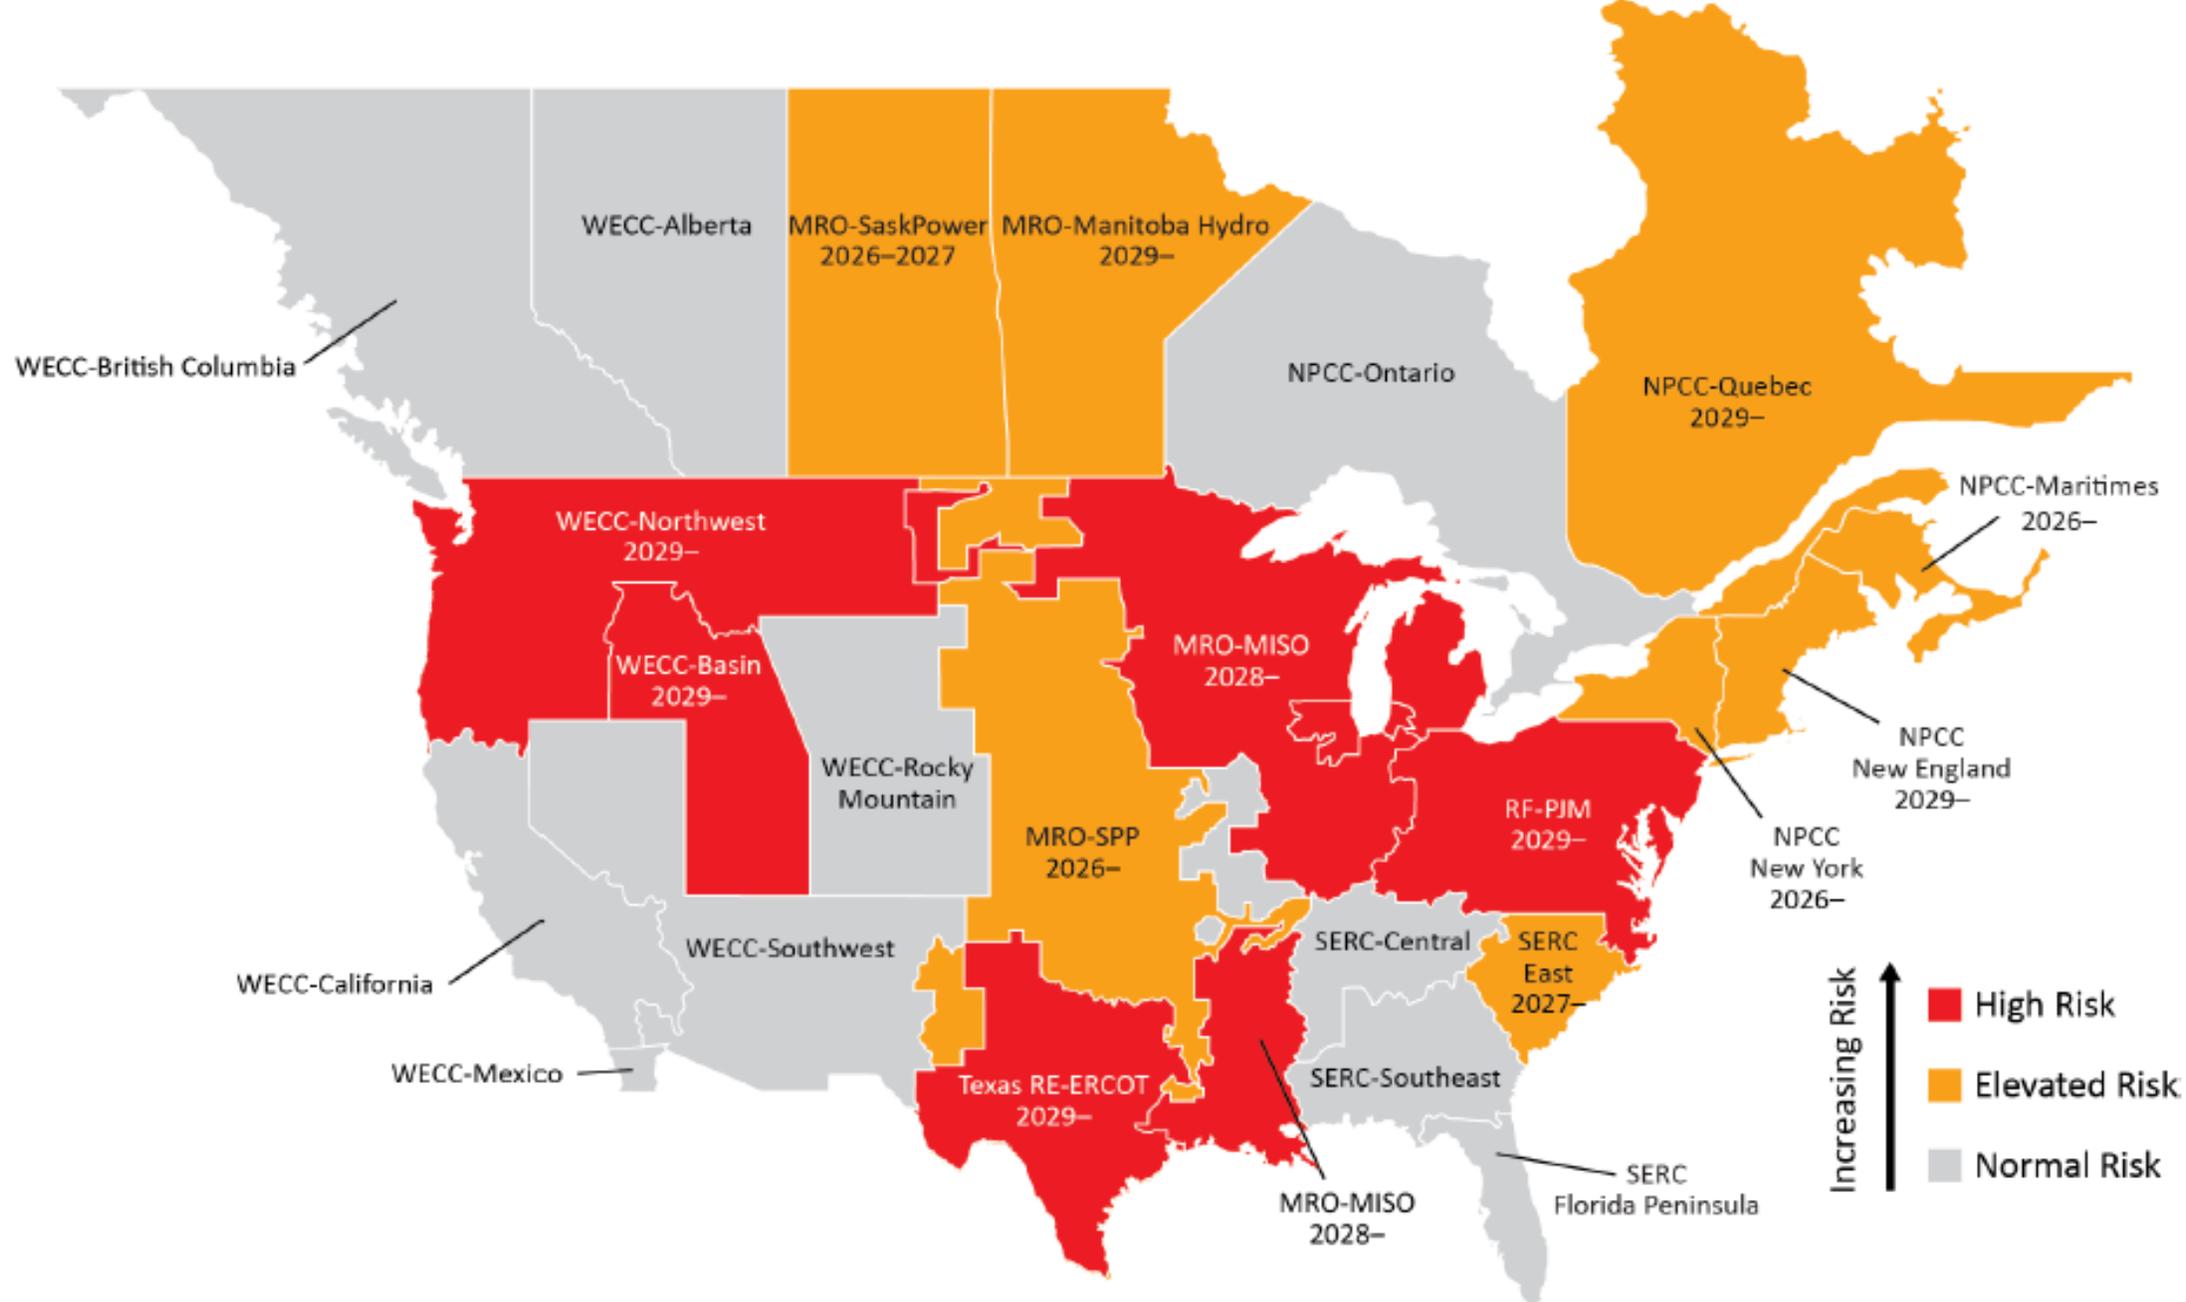

---

February 2026

# Washington Update

- USDA is funded for a full year.
- If you encounter any issues with a federal agency, contact us at NRECA.

**Figure 1: Risk Area Summary 2026–2030**

Shows highest risk classification that occurs in the first 5 years and states initial year of occurrence

# Co-op Energy Solutions

- What works in North Dakota is not the same as what works in North Carolina or Nevada.
- Co-ops need freedom and flexibility to tailor an energy approach that works for them.

# FEMA

- NRECA strongly supports bipartisan legislation to reform FEMA.
- Visit **[voicesforcooperativepower.com](https://www.voicesforcooperativepower.com)** to send a message to your member of Congress to support the bill.

# America's Electric Cooperatives PAC

- Powered by nearly **30,000** employees, directors and consumer-members.
- Average donation is **\$65** per year.
- Visit **[electric.coop/pac](http://electric.coop/pac)**
