

FROM FARMS TO MAIN STREET: BUILDING A STRONGER FOOD SYSTEM for rural North Dakota

Bringing together independent, small-town grocers and fostering connection with farmers, ranchers and local food businesses to explore shared facilities and services.

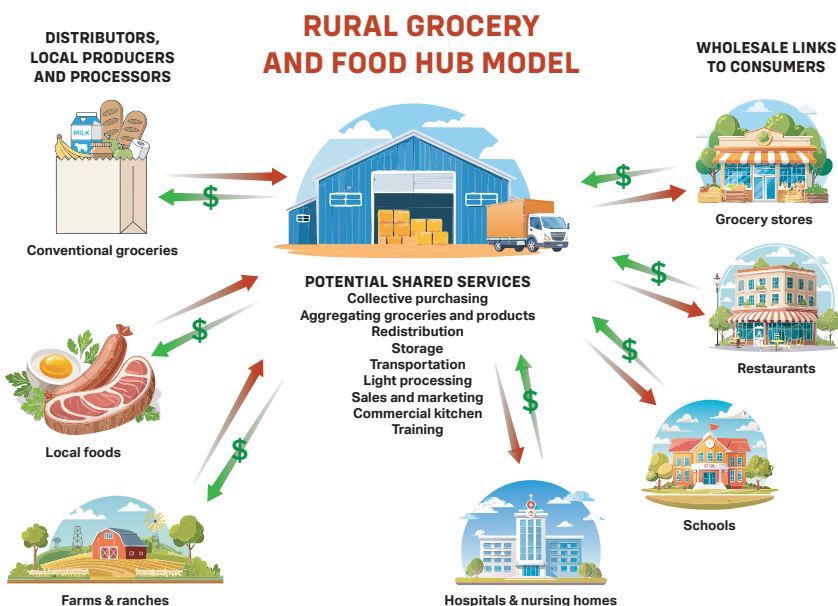

FUTURE VISION

Imagine local grocery stores with more healthy, affordable food and North Dakota-raised products reaching retail shelves, food pantries, schools, hospitals, restaurants and people.

WHAT WE'VE ACCOMPLISHED

With Support from a Bush Foundation Community Innovation Grant

- ✓ Secured a donated facility in Velva to serve as a future hub.
- ✓ Engaged grocery stores across north-central North Dakota to explore joint purchasing, distribution, marketing and local food sales.
- ✓ Explored proven models and new market opportunities with local producers.

TOGETHER, WE CAN GROW A STRONGER NORTH DAKOTA
